RURAL MAIL CARRIERS TO MEET IN BRAINERD

FIGHT FOR WARSAW IS NOW RAGING ON THE WHOLE FRONT

REDS HAVE PUSHED UP TO WITHIN FIVE MILES OF POLISH CAPITAL

ANOTHER REPORT SAYS REDS HAVE SURROUNDED CITY DISTANCE OF 12 MILES

(By United Press)

Moscow, Aug. 16.—The bolsheviks have pushed their lines to a point five miles from Warsaw where the battle is continuing. It was officially announced today. The report said there was fighting on the Radmin Okunieff line which is five miles from Warsaw on the eastern side of the capital.

Battle on Whole Front

Warsaw, Aug. 16.—A great battle for Warsaw has started along the entire front the war office official statement declared today.

Reds Surround City

Berlin, Aug. 16.—The Russians have surrounded Warsaw, their lines being on all sides of the city at a radius of about twelve miles, according to a dispatch to a Berlin newspaper today. The fortress Gradenz, was reported to have fallen before the red assault.

City in State of Panic

Berlin, Aug. 16.—Warsaw is in a state of panic, according to information from the bolshevik sources today. Boys from fifteen to eighteen years of age have been recruited as a citizen guard.

Armistice Will Not Halt Reds

Warsaw, Aug. 16.—The third and sixteenth bolshevik armies have received definite orders to capture Warsaw at any cost, according to documents taken from Russian prisoners, the war office announced today. Even signing of an armistice will not halt the attack now, it was stated.

Bolshevik Army Numbers 100,000

London, Aug. 16.—One hundred thousand bolshevik troops are in the army which is assaulting Warsaw from three sides, according to a Berlin wireless received here. The Russians were said to be hammering the city from the northwest, north and from the east.

Warsaw Being Bombarded

London, Aug. 16.—A Berlin dispatch to the Daily News today said Warsaw had been under bombardment by heavy guns since Friday. However the bombardment was not mentioned in dispatches sent direct from the Polish capital.

Washington Hopes Poles Will Halt Reds

Washington, Aug. 16.—With the red armies reported almost at the gates of Warsaw, state department officials and diplomats here today waited hopefully for word from the armistice and terms at Minsk which would stop the fight between Poland and Soviet Russia.

Officials hope that an agreement at Minsk on the armistice and peace terms would save Poland from the bolshevik army.

While there were skepticism here as to the permanency of any peace with Russia, it was believed Poland may have a chance of surviving as a nation only if she retains her capital. In possession of Warsaw the bolsheviks would immediately sovietize Poland and make that country a passageway to Germany, military men believe.

State officials and military observers here had not lost hope however of the Polish force stiffening and successfully repulsing the red armies. The Poles are apparently falling back to their last line of defense marked by a circle running through Novogorodsk, Cogton and Ivangorod.

AMERICAN CRUISER ORDERED TO BALTIC

Washington, Aug. 16.—Rear Admiral House, commanding the United States cruiser Pittsburgh, has been ordered to the Baltic Sea to protect American citizens in that district.

FREDERICK M. HUNTER

Frederick M. Hunter of Oakland, Cal., newly elected president of the National Education association.

LABORITES OPPOSE HELPING THE POLES

THROUGHOUT EUROPE THEY ARE TAKING ACTION TO PREVENT POLISH ASSISTANCE

By HENRY WOOD (United Press Staff Correspondent)

Paris, Aug. 16.—Laborites throughout Europe were on guard today to prevent the continental nations sending aid to the Poles.

Following the report of the British laborites to refuse to handle ammunition being sent to General Wrangel in the Crimea and over Swiss railroads, union railroad men sent a committee to consult the director general of Swiss railroads with regard to refusing transportation of war material.

Socialist democratic senators and deputies of Czechoslovakia approved the government's declaration of neutrality in the Russian-Polish war and urged establishment of diplomatic relations with Moscow as well as rigid control of Russian relations with Czechoslovakia.

It was announced by Russia that Signor Baragana, socialist, would be sent to Moscow to conclude an alliance between Soviet Russia and Italian labor confederates.

Perley Christensen, the American farmer-labor party candidate for president, cabled British laborites his party congratulated the laborites' successful intervention in preventing action against Russia. French socialists adopted a resolution declaring that neither money or war material should be sent to the aid of Poland.

London, Aug. 16.—"Labor council of action," formed to dictate to the government as to its handling of the Russian situation, was challenged by Premier Lloyd George today in the house of commons.

He declared the government's Polish policy was unchanged and that any attempt by the council of action to strike at the roots of the democratic principles of the government, would be resisted by every possible means at its disposal.

COAL OPERATORS AGREE TO MINERS' DEMANDS IN PART

(By United Press)

Cleveland, Aug. 16.—Part of the demands made by miners of the central competitive field for adjustment of wage increases were granted today by operators in a meeting of the joint scale committee here.

In presenting the demand to the operators the miners charged that President Wilson's coal commission had given pickmen twenty-seven per cent increase and day and monthly workers an increase of only twenty per cent. The operators agreed that the increased pay of day and monthly workers should conform to that of the pickmen.

RAILROADS BEGIN FIGHT FOR RATE INCREASE IN STATE

OFFICIALS APPEARED BEFORE RAILROAD COMMISSIONERS TO PRESENT DEMANDS

(By United Press)

St. Paul, Aug. 16.—Railroads of Minnesota today began their fight for increased rates of intrastate business. Attorneys, traffic managers and executives of various departments of seventeen railroads of Minnesota, appeared before the state railroad and warehouse commission to present their demands.

United Commercial Travelers were represented by a delegation demanding reduced passenger fares.

Ira G. Mills, chairman of the commission, explained at the opening of the session that the commission would take up the matter of passenger rates at this time only to the extent of gathering information for the benefit of the attorney general who will be asked to enforce the two cent passenger fare law.

Mills explained the commission had no authority to fix passenger rates.

THREE BANDITS SHOT DOWN BY POSSE IN S. D.

(United Press)

Aberdeen, S. D., Aug. 16.—Three bandits were shot down in a running fight with a posse of citizens of Northville, near here, yesterday. The bandits approached a group of dice rollers along the railroad track and robbed them of \$100 at the point of guns. A posse quickly started in pursuit. Many shots were exchanged and the bandits were shot down one by one while none of the posse were injured.

FARMER SCALED TO DEATH BY STEAM ENGINE EXPLOSION

Aberdeen, S. D., Aug. 16.—Robert Erdman, prominent farmer living near Randolph, was scaled to death when his threshing engine exploded in a wheat field Saturday afternoon. Water became low in the boiler and Erdman attempted to inject a water supply but the cold water struck a dry sheet causing the explosion.

KNIGHTS OF PYTHIAS RETURN WAR RELIEF FUND TO DONATORS

Minneapolis, Aug. 16.—Knights of Pythias in a national convocation here today, decided to return \$300,000 of the war relief fund to contributors. Of the \$325,000 originally collected, only \$25,000 were expended for war relief purposes.

The state convention of rural letter carriers has been secured for Brainerd in August, 1921, due to the efforts of George B. Falconer, of Brainerd, rural carrier of Route No. 4, assisted by Carrier R. S. Beymer of Little Falls. Rural Carriers Falconer and Beymer are members of the Morrison and Crow Wing Counties Rural Letter Carriers Association.

At this year's convention in Stillwater four cities entered the campaign for next year's gathering Brainerd, St. Paul, Glencoe and Alexandria. Brainerd won out because of the many attractions it offered, lakes, iron country, paved roads, spring water, farming country, etc.

The convention usually lasts three days and will bring to Brainerd next year from 150 to 200 delegates.

AMERICANS WIN OLYMPIC CONTESTS

CHICAGO MAN WINS 400 METER HURDLE RACE—OTHERS WIN SECOND AND THIRD PLACE

HENRY FARRELL

(United Press Staff Correspondent) Antwerp, Aug. 16.—America won her first victory on the track yesterday of the Olympic games when F. F. Loomis, of Chicago, set a new world's record in four hundred meter hurdles. Loomis' time was fifty-four seconds flat.

The Americans also took second and third places. J. M. Norton, of the Olympic Club, of San Francisco, finished behind Loomis and A. C. Desch, of New York, was third.

Charlie Paddock set up a second American victory when he won final in a hundred mile dash. His time was ten and four-tenths seconds.

George Andres, the veteran French hurdler, was fourth in the hurdle, and Doggs, of Los Angeles, was fifth. Christensen, of Sweden, was sixth.

Morris Kirkley, of San Francisco, was second to Paddock with Edwards, British champion, third. Altkhan, the French-Algerian, was fourth. J. V. Scholz, University of Missouri was fifth, and Loren Murchison, of New York, was sixth. The time was one-fifth of a second slower than the Olympic record.

SINN FEINERS TRY TO SEIZE AIRPLANE; FOUR ARE KILLED

(By United Press)

Dublin, Aug. 16.—One soldier and four Sinn Feiners were killed today in an attack on ten soldiers guarding an airplane at Ranturk. The Sinn Feiners tried to seize the plane. The attack lasted three hours.

HARDING WILL ADDRESS OHIO LEGISLATORS

THIS WEEK IN HIS FRONT PORCH CAMPAIGN ON LEGISLATIVE ISSUES

RAYMOND CLAPPER

(United Press Staff Correspondent) Marion, Ohio, Aug. 16.—The high light of Senator Harding's front porch campaign this week is the address to members and former members of the Ohio legislature. Harding expects to deal with the legislative issues and may reply to the attack of Governor Cox. Harding has said nothing regarding the league of nations since the acceptance speech of Cox and may open up Thursday.

Senator Harding is obviously conserving his fire and deliberately letting Cox shoot away hoping after the campaign crisis, his opponent will have exhausted his ammunition, leaving Harding free to draw on his reserve and blast away to a big finish.

DISRUPTION IN DEMOCRATIC RANKS SEEN BY REPUBLICANS

(United Press)

Columbus, Aug. 16.—Disruption in the ranks of the democratic state organization was scented by republican headquarters which today issued a statement that the "Cox-Durbin machine" received a severe setback in the primaries last week.

Pointing to the narrow margin by which W. A. Julian, organizing candidate, nosed out A. F. O'Neil of the democratic nomination for United States senator, the statement declared Chairman Durbin and his associates barely missed being knocked out completely.

AIR MAIL SERVICE OPENED BETWEEN CHICAGO AND ST. LOUIS

(United Press)

Chicago, Aug. 16.—Air mail service between St. Louis and Chicago was opened today when an airplane piloted by E. M. Lee left Checkerboard field here at 8:30 a. m., central time, with mail for St. Louis. Another plane was scheduled to leave St. Louis today for Chicago.

WOMAN AGED 104 YEARS DIES

Chicago, Aug. 16.—Mrs. Anne Burian, 104 years old, was to be buried here tomorrow with her last wish granted by death.

"I have outlived my family," she said. "My husband, friends and all of the old familiar faces are gone. My goodness, I think I will live forever. I have seen so much I am tired and want to go."

MISS MARJORIE NICOLSON

Miss Marjorie Hope Nicolson, daughter of C. B. Nicolson, a prominent Washington correspondent, this year won the John Addison Porter prize of \$500, Yale's highest honor to its students.

FRIENDS TRYING TO GET PONZI OUT OF JAIL

STATE OFFICIALS CONTEMPLATE SEIZING ALL HIS PROPERTY TO PAY HIS DEBTS

(By United Press)

Boston, Aug. 16.—Friends of Chas. Ponzi, the "bushel basket" millionaire, were reported to be negotiating for bonds for the release of Ponzi from the East Cambridge jail here where he is held on federal charges of using the mails to defraud.

In addition to the \$25,000 on the federal charge and \$10,000 on a charge brought by the state, it was believed a bond of \$50,000 would be asked.

State officials are prepared for stripping the little Italian high financier of every bit of property that remains in his name or in the name of his wife. They will seize his Lexington mansion, automobile, his wife's jewels and personal belongings that may add a few thousand assets.

SUFFRAGE WORKERS AND ANTIS GET BUSY IN TENNESSEE

(United Press)

Nashville, Aug. 16.—As the time is nearing for the final vote on suffrage in the house of representatives, workers redoubled their efforts to sway those who remain noncommittal on whose action it was conceded the result hinges.

Pro-suffragists and anti-suffragists alone believe they have enough votes assured. Both obviously were worried.

The house was expected to act on Tuesday although the issue may be forced later today. The committee on constitutional amendments under which the resolution was ratified, was referred to and will meet tonight.

NONPARTISAN LEAGUE RECOMMENDS SUFFRAGE TO TENN. LEGISLATURE

(United Press)

Minneapolis, Aug. 16.—The Nonpartisan league in a message to the Tennessee legislature, today appealed to that body to act favorably on the national woman's suffrage amendment in its special session.

The message, the outcome of a meeting of the national executive committee, pointed out that the North Dakota legislature, comprised of a majority of Nonpartisan leaguers, were among the first to ratify the amendment, and further stated it would be applauded by 300,000 members of the league.

STATE CONVENTION OF AMERICAN LEGION MEETS IN DULUTH

Duluth, Aug. 16.—American Legion men of Minnesota were "Doing Duluth" today. The first session of the state convention was scheduled this afternoon.

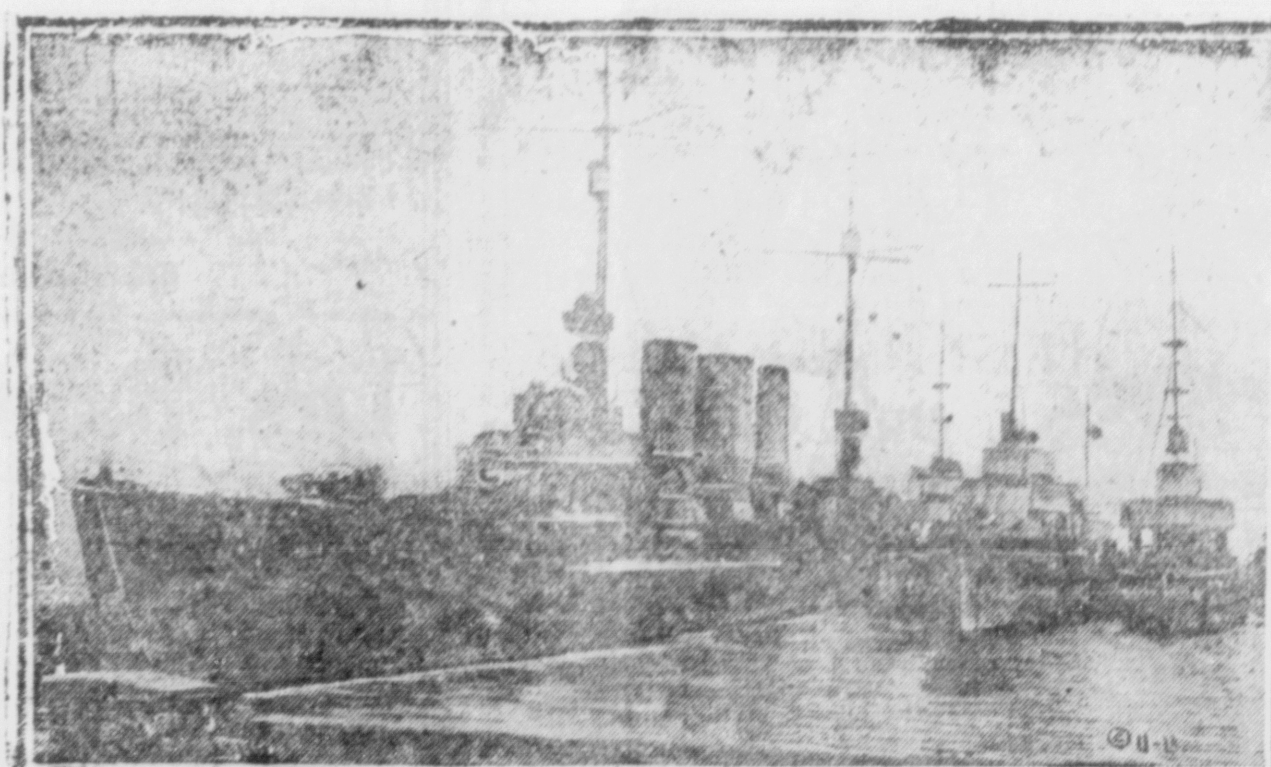

Rev. E. A. Hoff, of Red Wing, department chaplain, was to open the convention this afternoon. C. R. Magney, mayor of Duluth, was to welcome the Legionnaires. Naming of a committee and report of officers was scheduled business for the opening session. Delegations to the convention are finding accommodations with difficulty. This is normally a busy vacation time for Duluth.

REVISIONS OF IRISH HOME RULE BILL IS EXPECTED

London, Aug. 16.—Important revisions of coercive clauses of the Irish home rule bill, were expected to be announced today by Andrew Bonar Law, leader of the commons, in a statement to the house of commons.

High British officials in Ireland were understood to have advised the government that the present restoration of order act could not be carried out, that the Sinn Feins realize the hopelessness of it and that both parties of extremists are ready to accept a compromise offered by Great Britain.

Battered German Warships in the Hudson for Public Inspection

Here are four of the five German warships allocated to the United States at the Peace Conference as they looked when tied up in the Hudson River at New York. They are the cruiser Frankfurt, said to have been the fastest ship in the German navy, and the destroyers C-102, V-43

and S-132. With the dreadnaught Ostfriesland, the only one which crossed the Atlantic from Brest under her own steam, these vessels will be anchored in the Hudson for two weeks' inspection by the public. All their former splendor is gone and only battered, rusted hulks remain.

American officers on board the Ostfriesland say that the Germans stripped the battleship entirely, damaged her in every conceivable manner and turned her over in such a filthy condition that it required a month's work before American sailors could sleep on board.

THE WEATHER

Forecast for next 24 hours:
 Forecast for the week: Generally fair and warm.
 Minnesota—Fair tonight and Tuesday, except probably showers in the northwest portion, cooler near Lake Superior and warmer in the extreme west portion tonight.
 Cooperative observer's record
 6 p. m.:
 Aug. 14—Maximum 80, minimum 48. Reading in evening 72. Southwest wind. Clear.
 Aug. 15—Maximum 84, minimum 49. Reading in evening 65. Southwest wind. Clear.
 Aug. 16—Minimum during the night, 49.

Charles R. Adams of St. Paul married and aged 60, a sheet metal worker of the Northern Pacific railroad

lied at a local hospital from complications and the remains were sent on Sunday to his home.

A factory demonstrator is here and will be pleased to do your washing and explain how easily it can be done with the Crystal Washing Machine. Call at the Brainerd Hardware Company. 6212

Wm. Musser of Iowa City, Iowa, was in Brainerd on his way to Walker where he has a large summer home and grounds near the latter city. Mr. Musser at one time had a summer home near Deerwood.

"Attend the College of Commerce, St. Cloud or the Little Falls Business College, Little Falls for a college education in business. Send for free catalog." 26-5m-2m

Grover Koop of Jamestown, N. D., is in the city. While returning from Chicago his wife was taken sick and is now at St. Luke's hospital in St. Paul. She has a high fever which may terminate in typhoid fever.

For Sale—Overland Roadster, Model 8 in first class condition; run about 15,000 miles; newly painted; Willard Battery; Bosch magneto. See his. Snap for quick turn. Taylor, Tel. 730. 6412

H. A. Soderholm and family, of Fergus Falls, were in the city over Sunday. The guests of Mr. and Mrs. Just Maxe, Mr. Soderholm's sister. Mr. Soderholm returned home this Monday, but his family will visit here for a few days longer.

Mr. and Mrs. Fred. Bispham and children from Brainerd were up to Walker over last Saturday and Sunday visiting with Mrs. E. A. Richman and Mr. and Mrs. George Reynolds. Cass County Pioneer of Walker.

Lee LaBaw, well known court reporter of Judge C. W. Stanton, was grabbed in the auto speed net at Bemidji. His case is to come up soon. Patrolman Arnold said he had to chase him several blocks before he could catch up.

Martin Lystad of East Grand Forks is visiting his uncle and aunt, Mr. and Mrs. Ole Lystad of 713 Quince street. Mr. Lystad is an employee of the First National bank of East Grand Forks and is enjoying his annual vacation.

Every person lucky enough to drive a ride in the hydroplane must report at the Northern Home Furnishing Co. for at 9 o'clock Tuesday morning and at 11 o'clock at Nashota lodge.

Full lake road, in order to fly with the aviator, Lieut. Salisbury. 6411

Dispatch want ads measured well on Saturday evening. There were 13 help wanted, 2 for rent, 30 for sale and 5 miscellaneous wants. Telephone your wants to the Dispatch, Northwest 74, or mail the ad or have it sent to the office. Ads are cashed a word each time.

Louis Anderson and son Clarence, were guests of D. N. Brier, of Duluth, traveling freight agent of the Great Northern railway, at his summer cottage at Hubert. Louis Anderson distinguished himself by catching a 16 pound pike that measured 39 inches in length. The fish put up a great fight before he was landed.

TRAMP SHOOTS FREIGHT CONDUCTOR

(United Press)
 Mitchell, S. D., Aug. 16—Christ Peterson, freight conductor, was shot and perhaps fatally wounded by one of two tramps early today when he alighted from a passenger train near Salem. He stepped across the track to take charge of a freight train when the two approached him. They were seen to engage in conversation and in a few minutes one of the men grabbed his revolver and fired.

Reflected Glory.
 One man makes a position or an office famous, and after that the office makes his successors famous—Witchita Beacon.

Oldest Chorister in the World, at 87, Has Been Singing for 68 Years

Richard Stapells

Approaching his eighty-seventh year, Richard Stapells of Toronto, Canada, can lay claim to being the oldest chorister in the world. Entering a church choir in his home town of Rochester, England, about 1852, he has been a member of church choirs ever since—a period of sixty-eight years. Just recently Mr. Stapells entered upon his forty-seventh year as a member of the choir of All Saints Anglican Church, Toronto, and is still regarded as a valuable member. Hale and hearty and possessing a rich deep bass voice, he promises to have many years of service yet ahead of him.

Deep Breathing for Nerves.

"The dentist was filling a tooth in a most uncomfortable position for me," said a woman, "and had equipped my unfortunate mouth with gag, saliva conductor and the rest of the armory of torture when an attack of nerves seized me and I motioned wildly to be set up. 'Breathe slowly and deeply,' said the man of pain, 'and all will be well. There is nothing like breathing for the nerves.' For once I did as I was bid and in a few seconds all was well, and I sat the rest of the ordeal in an exemplary fashion. It is wonderful how one can control all hysterical inclination by simple, steady breathing."

OLD PAPERS—5c A BUNDLE

Birds Not Frightened by Noise.

One thinks of birds as shy and delicate creatures easily frightened by a sudden sound. That's error. A bird is disturbed by noise only so long as the noise is associated with danger. The moment noise ceases to threaten them birds seem to mind it not at all. The gentle, hisping phoebe chooses to nest under bridges across which wagons and trucks pass frequently with a deafening roar. If the bridge is under railroad tracks, where the racket is yet greater, it's all one to phoebe. The gravel roof of some high office building in the noisy center of the city is often the chosen nesting place of Mrs. Night Hawk. The creature most harried by nerves and noise is the one that makes the most noise of all. That's man!—Cleveland Press.

Speed of Falling Bodies.

Galileo first put the relative rates of speed of falling bodies to the test by dropping various weights from the top of the leaning tower of Pisa in Italy. He found that when let fall simultaneously they reached the ground almost at the same time, whatever their size or weight; any differences shown being due to the resistance of the air. If a coin and a feather are dropped together in a closed tube from which the air has been exhausted, both reach the bottom at the same instant. In other words the force of gravity is constant at any place for all bodies and gives an acceleration or rate of speed to falling bodies of over 32 feet per second.

The Takahe.

One of the most remarkable birds in New Zealand is the takahe or Nihornis Mantelli (or N. Hoeli stetteri) a sort of coot which has developed the colors (including the metallic luster on green and golden brown feathers) of the peacock. Only four specimens of this bird have been obtained. One of these is in the Otago museum, Dunedin, New Zealand. Others are to be seen in the South Kensington Natural History museum, London, but these have been obtained at a different season of the year, for where the Dunedin specimen is bright blue their plumage is more of a pruned color. The fourth specimen is, or was, in the Dresden museum.

SIGNS

SUNDAY SCHOOLS OF THE CITY

First Baptist Bible School
The Alpha class held their regular meeting at the home of Mr. Geo. A. Tracy last Monday evening. The regular business of the class was transacted with a social hour and light refreshments following.

The Baraca class held their regular class business meeting at the church on Friday evening, finishing up on ice cream and cake.

The Philathea class will hold their regular class meeting Wednesday evening at the home of Miss Hope Thabes on Fir street north.

Those of the school who attended the sessions of the convention last week were greatly pleased with the help received.

The annual outing and picnic held at Merrifield last Wednesday was attended by about one hundred and fifty. Sixteen cars and one large truck was the means of transportation. The day was perfect and a most delightful time was enjoyed by all present.

Out door games, bathing and swimming soon made the time fly all too swiftly.

The challenge ball game staged between the Baraca class and Mr. Tracy's class was a most interesting game with a score of 8 to 11 in favor of Mr. Tracy's class.

The Bible school will be in charge of the Young Peoples Division next Sunday morning, and the following Sunday the Adult Division will have charge.

Entertained at Theatre Party

The Misses Marion and Lois Hall entertained some of their girl friends at a theatre party Friday evening, after which light refreshments were served at their home, 614, 4th street, covers were laid for eight.

Those present were the Misses Nora and Dora Paulson, Evelyn Berge, Edith DeRoche, Margaret Krause, Dorothy Sullivan, Marion and Lois Hall. A very enjoyable evening was spent.

Ice Cream Social

An ice cream social will be given by the Ladies Aid society of the Peoples Congregational church on Tuesday evening, August 17, in the church parlors.

Don't Allow Petticoats to Hamper Them in Their Search for the Wily Profiteer

Miss Edith Strauss

Miss Mary Stewart

The Women's Division of the Department of Justice, is persisting in its fight against the high cost of living. The work of the division's agents has been very helpful, the Department of Justice reports. Above are shown Miss Edith Strauss, head of the Women's Division; Miss Mary

Stewart of Ohio who, on her return from Turkey where she was engaged in war relief work, was assigned to investigate conditions in the far western and northwestern states; and Miss Helen Grim of Pennsylvania, who was assigned to hunt down profiteers in the middle western states.

Ladies Aid at Summer Cottage

The Ladies Aid of the Finnish Evangelical Lutheran church will be entertained by Mrs. E. Ritari and Mrs. N. Ritari at their summer cottage at Squaw Point Gull lake Sunday afternoon August 22. Everybody is welcome.

An Icy Glare.
He—"What makes that fellow glare at me?" She—"You're sitting on his ice cream."—Yale Record.

SHOOTS WIFE BECAUSE SHE DRESSED YOUNG

(United Press)

New York, Aug. 16—The recovery of Mary Cowdry, who was wounded when her father, Emil Cowdry, a customs house employ, fired six shots at her and her mother, was expected today. The mother was not seriously hurt.

Cowdry, according to police, said he was tired of his wife dressing like a girl of twenty-one and posing as sister to his daughter.

WOMAN BURNED TO DEATH IN CHICAGO

(United Press)

Chicago, Aug. 16—A woman was burned to death and two were injured when fire early today destroyed three homes here.

Nine Points of the Law.

It has been said that success in litigation requires a good deal of patience, a good deal of money, a good cause, a good lawyer, a good counsel, good witnesses, a good jury, a good judge, and last but not least, good luck. But the saying is really a part of the proverb which says that "possession is nine points of the law," and that anybody is welcome to the tenth if they can get anything out of it.

Ancestors Were All Black!

The fairness of the European skin is attributed to some virtue in the suprarenal glands, and all the knowledge we have since gained supports the conclusion formed by John Hunter 150 years ago that the original color of man's skin was black.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials free.

SIMPLIFIED SPELLING

The Dispatch is in receipt of books in "Simplified Spelling", published by the Simplified Spelling Board. One object is to reduce difficulties in spelling English. Here is a sample paragraph of simplified spelling:

"The changes that have been made in English spelling in the past have all come into use gradually, one or two at a time—so gradually, in fact, that at all times, as today, there have been and are many words spelled in more than one way on equal authority of good usage. Accordingly, in proposing further changes, the board has preferred to follow the customary method, natural to the genius of the race, rather than to attempt to force the acceptance of an entirely novel and violently revolutionary scheme of spelling, no matter how ideal and scientifically admirable it might be."

The trouble with simplified spelling is in getting the large proportion of people to adopt it. If that is not gained there will be two schools, the Websterian spellers and the simplified ones. And in many newspaper offices, judging by copy sent in, there is another school of independent spellers who pursue with the utmost freedom and abandon their own sweet styles of spelling.

Half the troubles of a printer are in regard to spelling.

As the Spelling Board maintains simplified spelling reduces the number of letters to be used, saves labor in type setting and also saves print paper.

"There may be something to the idea after all."

AFTER THE SLACKERS

The "Stars and Stripes" contains an article on the government drive after slackers. The War Department, after 20 months clerical work and personal investigation, has published the list of those officially classed as draft deserters. There are 150,000 names in the combined lists, for which a reward of \$50 each is offered under Army provisions, or a total outlay of \$7,500,000, if all are caught and the rewards claimed.

This list is divided into localities where the alleged deserters are supposed to live. It will be published throughout the country and every civic and patriotic body has been called upon to assist in locating all those who are recorded on the list.

Shortly after the armistice the Adjutant General of the Army began work on sifting out from 24,000,000 draft records the names of those who had deserted. It was a gigantic task and a small army of civilian clerks and Army officers have been constantly at work on the job since that time.

The publication of these lists will be awaited with the deepest interest. No doubt each county seat newspaper will run the list of its county.

WHY EXPORT COAL?

Many coal men say that the shortage of coal and the high prices charged are due mainly to the exportation of coal in vast quantities. The lack of cars has been serious, holding mines in many coal fields down to about half-capacity, when they ought to be doing their best; but somehow there have been enough cars to load dozens and dozens of ships with coal for Europe. Formerly this country exported hardly any coal. The big export movement this year has taken both coal and cars, and thus doubly hindered the supply of the domestic market.

Moreover, the high prices paid abroad have played havoc with prices here at home. When coal for export brings \$20 or \$25 a ton, domestic users who can get the fuel at all are obliged to go a long way toward meeting those prices. The exported quantity may be small compared with the big total sold at home, but in

such cases the tail has a way of wagging the dog.

Why sell that coal abroad before the wants of American consumers are supplied, and who permit European bids to fix the price of so vital a commodity, when it can be sold far more cheaply in this country and yet pay operators and dealers a fair profit? Why not put an embargo on coal exports for two or three months, at least?—Little Falls Transcript.

WOOLEN TRUST

FILES ANSWER TO GOV'T. APPEAL

(By United Press)

Washington, Aug. 16.—The American Woolen company today filed in the United States circuit court an answer to the government's appeal from the decision in lower court in quashing indictments against the company under the Lever act.

The company, in its answer, said that wool is not included under the Lever act until it has been made into cloth, cut up and manufactured into clothing. For that reason, the answer continued, the government can not prosecute under the Lever act "price prior."

Bap of Earth Covers Two Acres.

At "Boy Land," a school for boys in Santa Barbara, Cal. It is possible to view the whole earth, laid out flat like a map over about two acres of ground. Rivers, lakes, mountains, valleys, continents, and oceans are all complete. The boys can paddle through the larger waterways.

CHIROPRACTIC + NATURE = HEALTH

It may not be proper to classify Chiropractic alone, since it is a part of Nature—a natural process of keeping fit.

There is nothing new or revolutionary to Chiropractic adjustments. They are now as they have always been, a part of the natural system which aboriginal people use to keep their bodily processes normal.

Chiropractic adjustment remove the cause of disease, which is pressure upon nerves by segments of the spine that have been misaligned from their normal position.

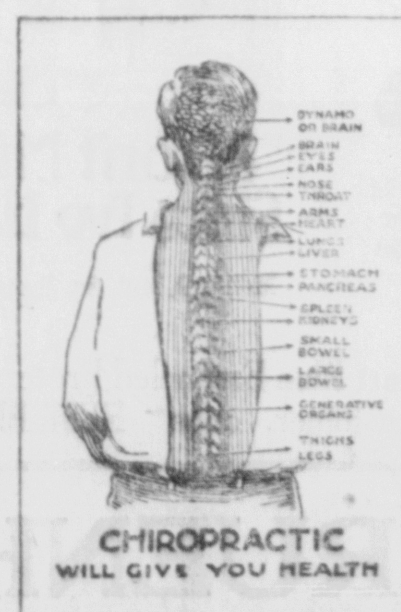

The Chiropractor restores the offending vertebrae to normal position in the spine, relieving the pressure, and Nature restores Health and Normality to the body.

We will be glad to tell you frankly just what Chiropractic adjustments will or will not do in your case. See us today.

GAS CONSUMERS TO MEET TONIGHT

Mass Meeting Called for 7:30 P. M.
at the District Court Room of
County Court House

COMMITTEE TO MAKE REPORT
Recommendations of Mass Meeting of
Gas Consumers Will be Made
to the Council

Gas consumers of Brainerd will meet at the district court room in the county court house this Monday evening at 7:30 o'clock to listen to the report of the citizens committee of three of which Con O'Brien is chairman.

They will then take action and report to the council which meets this Monday evening. It is hoped on all sides that the Brainerd Gas & Electric company may soon resume operations and restore gas service to its 765 patrons some of whom, like the bakeries, have nearly been put out of business by the explosion at the plant and stoppage of gas making. The company's request for a raise in rates will also be considered.

NEW PARK OPENS ON SEPTEMBER 1

Dark Since Wind Storm of June 8.
Many Improvements Have Been
Made in the Theatre

NEW SCENERY AND EQUIPMENT
Opening Night Sept. 1 Will See Four
Acts of Vaudeville and Pictures
Shown

Dark since the wind storm of June 8, the New Park Theatre will re-open, Wednesday night, September 1, greatly improved in appearance and offering patrons a bill of four acts of western circuit vaudeville and pictures.

The New Park has been supplied with new stage equipment and new scenery. The lobby has been retiled and otherwise decorated. The orchestra of the New Park will continue to be featured under the direction of William F. Palmer.

Vaudeville nights will be Wednesday and Thursday every week, the two shows each night running from 7 to 9, and 9 to 11 p. m. Later a circuit stock company will play one night a week. Legitimate shows are also being booked. Straight pictures will be shown the other nights.

BRAINERD'S OLDEST STORIES OF TODAY

Chief of Police Charles Varner's wife has gone away on a three week's visit. The chief has fixed up his garden hose and hooked it on a hot water tank so as to be able to wash the dishes while she is gone. The dishes to be manipulated are placed in a wire rack and a dash of liquid soap is given after which they are subjected to a shower bath of hot water per hose. The rack with dishes is then placed in the sun and they dry rapidly.

John F. Woodhead solved his culinary difficulties at his home by using a Ford to cook on. He fried pancakes on the exhaust pipe. "Cook while you ride" is John's new slogan. And when it came to bathing the kids, why the Ford was right there with hot water in the radiator. According to John, the Ford has again demonstrated its value in the household, an added field of usefulness.

Presbyterians Attention!
Important Congregational Meeting
Tuesday Evening at 8 o'clock at the church. Come. 6412

"Crooked Usage."
This curious name for a London street possibly arose from the fact that the word "usage" in former times was applied to the strips of common land, or paths, between private plots of cultivated land. London's "Crooked Usage" street was probably one of these paths.

Don't Blame the Weather too Much
If you feel lazy, languid, seem dull, stupid, lack strength and ambition, do not blame it on the weather. The hot sun will not oppress you so much if the bowels are regular. Foley Cathartic Tablets banish biliousness, indigestion and constipation; cleanse the bowels, sweeten the stomach and invigorate the liver. H. P. Dunn, druggist.

TO ENFORCE TRAFFIC LAWS

Bemidji Council so Instructs Mayor
and Chief of Police. Regulations
are Published

CITY IS WEARY OF ACCIDENTS
Notice Published in Dispatch so That
Some of Brainerd Traffic Violators
May Post Up

Bemidji has joined the ranks of cities which have grown weary of recording traffic accidents due to carelessness, ignorance and defiance of law.

For the benefit of Brainerd traffic violators the Bemidji notice is reproduced in the Dispatch:

To the Public:
The interest of pedestrians as well as automobilists and drivers of other vehicles require the rigid enforcement of rules and regulations of traffic in the city of Bemidji.

Beginning with Monday, the 16th day of August, 1920, the public will be expected to comply with the following rules and regulations in the use of the Bemidji streets:

At those crossings where traffic policemen are stationed, pedestrians, teams and automobiles will be required to obey the signal of traffic policemen. The traffic policeman will signal the right to pass over the crossing by standing edgewise with the traffic and the traffic will not pass against his face or back. When the traffic is light the traffic policeman may indicate the right of passing by an appropriate signal or gesture of the hand. This practice is the one adopted and enforced by all large cities and the traffic in Bemidji is now reaching such proportions that these regulations must be enforced.

At crossings where no traffic policeman is stationed and upon the streets generally pedestrians, teams and automobiles will be required to observe the law. It is dangerous to pass over an intersection of streets upon the diagonal and the public is requested to refrain from doing so and prevent accidents and loss of life.

The municipal authorities will take such steps as may be necessary to prevent accidents and loss of life from the diagonal crossing of the intersecting streets.

The state law provides that in going around a corner where the operator's view of the road is obstructed, speed of an automobile of more than six miles per hour is prima facie evidence that the person is driving at an excessive rate of speed. The state law also provides that where in the city the traffic is more or less congested, a speed of more than ten miles is deemed excessive and in the residence portion a speed of over fifteen miles is deemed excessive, and outside the closely built-up business portion or residence portion a speed of more than twenty-five miles is deemed excessive.

The pedestrian, team or automobile to your right has the right-of-way and must be protected. The automobile in the rear must be under such control and operated at such speed as to permit its being stopped or turned aside to avoid a collision should the one immediately ahead come to a sudden stop or make a sudden turn.

There are some violators of the law and many people disregard their own safety and the rights of others using the streets. Much of this is because of the absent mindedness or thoughtlessness. Some of it is wilful negligence and deliberate recklessness. The danger, however, is as great in one case as in the other and therefore these rules and regulations and the law must be observed and complied with by the people using the streets. We do not desire to be too harsh or severe, but will not hesitate to urge upon the municipal court the imposition and enforcement by imprisonment of these cases where the offender intentionally violates the law. We request the assistance of each member of the Bemidji Automobile association as well as all other citizens of this city in our efforts to protect our people from accidents and loss of life.

Gave it to Children and Grand-children

Mrs. V. M. Katz, 502 Armondale St., N. E., Pittsburg, Pa., writes: "I gave Foley's Honey and Tar to my little grandson when he had a bad cold and it did him lots of good. I used a lot of it when my own children were small." It must have merit to hold the leadership generation after generation. H. P. Dunn, druggist.

CEMENT MAN RODE ON OAK STREET

He Then Assured City of Brainerd
That Cement Shipments Would
Be Promptly Made

PAVING SOON IN FULL BLAST

Delay in Cement Shipment Was Due
to Misunderstanding Between
Company and Highway Dept.

Cement paving on Oak street will soon be on in full blast.

The Lakeside Lumber Co. and the city and county engineers gave a representative of the cement company a ride on Oak street. When he got through with the bumps and sloughs, high places and low places, sand and hard pan evident, he said:

"Brainerd will get its cement on a rush order".

Delays in shipping the cement arose over misunderstandings existing between cement company and highway department, said Theodore B. Brusegaard, head of the Lakeside Lumber company, which made the original contract with paving men for supplying the cement.

Keen Up to the Mark
Good health is impossible when the kidneys are weak, overworked or diseased. When they fail to filter out of the blood the poisons and impurities that cause sore and swollen muscles and joints, backache, rheumatic pains, take Foley Kidney Pills to give the help they need. H. P. Dunn, druggist.

Keep Young.
Keep serene. Live simply. Yet always dare and do; strive, work, play, love, learn intensely. Vivid enjoyment of each day, giving up everything and relaxing each night. That is the way to keep young.

APPLY SULPHUR TO HEAL UP YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

FARM PRODUCTS DISPLAY AT BANK

Citizens State Bank of Brainerd Put
in a Large Display Case in its
Windows

CATS, POTATOES AND GRASSES

Visitors at the Bank May See for
Themselves Fine Products Raised
in the County

The Citizens State bank of Brainerd has installed a large display case in its window which contains samples of grains, grasses, potatoes and other products raised in Crow Wing county. Charles Nicholson built the case and it offers a most convenient way of showing what the county is raising.

Cashier R. J. Tinkelpaugh secured as the first exhibitors Saturday Lawrence Nelson of Long Lake, who shows some fine oats; Carl Wheeler of Long Lake, oats; Charles Cords of Long Lake, Early Ohio potatoes. Others will be added as they come into the bank.

The display shows up well inside the bank and may also be viewed from the outside. It has attracted much attention and comment.

Bids Wanted
The Board of Directors of Rose Creamery Company will receive offers up to Sept. 1st, for the purchase of its Creamery Building in Section 7, Township 43, Range 30, and site. Address offers to Anton Weber, Brainerd, R. 1.

Change of Time.
On her wedding day every woman thinks that life will be one grand sweet song, but later, when she has to sing to a pair of twins—well, it's a different tune.—Exchange.

Low Shoe Weather and we have Special prices on Low Shoes

Low shoes will be worn many weeks yet besides the number who will continue to wear them with spats.

Women who are economical will find it most profitable to purchase shoes while these prices prevail.

There are some most attractive prices on children's and misses' shoes which is demanding attention.

Here's where we call a spade just that

THE POET says a rose.
BY ANY other name.
WOULD SMELL as sweet.
AND THAT'S all right.
BUT CALLING.
SOMETHING ELSE a rose.
WON'T CHANGE its smell.
OF COURSE not.
AND I'M not knocking.
BUT JUST telling you,
RIGHT OUT.
THAT THERE are only.
THREE GRADES.
OF TURKISH tobacco.
FIRST, GOOD Turkish.
WHICH IS mighty good.
AND ALSO expensive.
AND SECOND.
POOR TURKISH tobacco,
WHICH IS less expensive,
AND NOT so good.
AND THIRD, tobacco.
CALLED TURKISH, which.
NEVER SAW Turkey.
BUT GREW thousands.
OF MILES away.
AND DOESN'T even.
TASTE LIKE Turkish.
AND IT'S the good Turkish.
THAT'S REALLY from Turkey.
THAT YOU get.
IN THE cigarette.
THAT SATISFY.

OUR resident buyers in Turkey are experts. They know we want the best—and we get it. And the same with Domestic leaf. Blend them together—by that can't-be-copied method—and you get a smoke that actually does satisfy.

They Satisfy

STRIKE CLASSED AS MEDIEVAL

Newspaper Urges Employer and Worker to Devise Some Better Scheme.

BRINGS HEAVY LOSS TO ALL

Present Condition Declared Neither a Credit to Business Management Nor Public Administration—Industrial Stability Vital to Everybody.

(From the Indianapolis News.)
According to statistics compiled by the federal department of labor, 3,375 strikes, involving more than 4,000,000 workers, occurred in the United States in 1919. Assuming that the 4,000,000 include only the strikers and their dependents, and such other workers as were made idle by reason of their work being intimately connected with that of the strikers, the tale is not half told.

Some of these strikes, such as the coal miners' strike, the dock workers' strike, the railroad strike, and the steel strike, affected more or less directly every institution in the country; and thus all of the people, numbering something more than 100,000,000, were put to inconvenience, expense, and sometimes exposed to peril because four per cent of the total was not satisfied with its wages or working conditions and knew no other way—or, at any rate, refused to recognize any other way—to better the situation than to strike.

This is a condition that is a credit neither to our business management nor our public administration. It is in effect a sacrifice of the interests of the many to the interests of the few, when there should be a sacrifice of neither. There are, of course, always the unreasonable malcontents who will not be satisfied with any arrangement, but for the most part Americans prefer peace and a steady job to the artificially created industrial unrest of which they are so frequently made the victims. It is useless to hope that all men will be able to agree all the time, but it is wholly possible for them to adjudicate their differences without resort to the medieval custom of using force—and the strike or the lockout is force. Perhaps when the campaign is over, and the statesmen and politicians can look forward to a period of two years without urgent political maneuverings, they can find time to consider the question of industrial stability with more sincerity and earnestness than they have given to it heretofore. Probably nothing would do more to bring about a return of national contentment and assure stable prosperity, and to show that the country is really as civilized as it pretends to be.

Labor Pushing Campaign.

Executive councils of state federations of labor have been asked by the executive committee of the American Federation of Labor to hold special sessions to adopt measures for close co-operation with the national committee in the political campaign.

The councils were asked especially to study the legislative records on measures of interest to labor of all members of the Sixty-sixth congress whose terms of office expire March 4. These records recently were completed by the national committee and sent to the state organizations.

Special conferences of all labor organizations in each of the congressional districts of the country were also suggested by the national committee, but no dates were fixed. The purpose of these conferences would be to prepare for active campaigns in each congressional district.

May Day or Eight Hours.

With rapidly increasing clamor throughout Australia for a reduction in the working week from 48 hours to 44 or even 40 hours, the annual celebration of Eight-Hours day by the combined labor unions has had a humorous element not altogether overlooked by the leaders of labor. Recently the Melbourne Trades Hall council decided to organize a Labor day on the first of May each year, to take the place of the present eight-hours celebration. It was decided to refer the proposals to all labor councils throughout Australia and to all the federated unions for their support.

Agree to Wait for Raise.

More than 10,000 employees of the Philadelphia Rapid Transit company voted not to demand the increase in wages of seven and one-half cents an hour, granted July 1 last, until the revenue increases sufficiently to pay the advance. The action was taken after Thomas E. Mitten, president, had outlined the financial condition of the company.

Riveters Return to Work.

Three hundred riveters at the Fore River (Mass.) Shipbuilding company, who have been out on strike for increased wages since July 14, returned to work. A grievance committee representing the strikers will be responsible for an adjustment of wages, and a conference will be held with the company officials. It is expected that a settlement will be announced within a few days. The strike was conducted without the sanction of union officials.

KEEPS YOUR KITCHEN COOL IN SUMMER!

The triple-walled oven, the insulated oven door, the liberal use of asbestos insulation (double the quantity used in other high-grade ranges) and the entire design of the Round Oak Chief Range are calculated to hold heat in where it belongs. The kitchen comfort that it affords a woman in hot weather, as a result, is well worth the slight extra cost of these advantages.

ROUND OAK CHIEF BOILER IRON RANGE

This range has many other advantages, as you would expect of anything made by the famous Round Oak Folks. See it!
